The Society for Obstetric Anesthesia and Perinatology Presents:

SOAP 43rd Annual Meeting
‘Providing Safe Outcomes for Mother and Baby’

April 13-17, 2011 • Loews Lake Las Vegas Resort • Henderson, Nevada
Dear Friends,

On behalf of the SOAP Program Committee we invite you to attend the 43rd Annual SOAP Meeting in Las Vegas, April 13-17, 2011. ‘Excited about the program’ is an understatement as this promises to be one of the best SOAP meetings to date. The program is packed with sessions that include old favorites as well as new sessions that feature short clinically-relevant lectures. The format is expected to maximize value for those attending the annual meeting. ‘Providing Safe Outcomes for Mother and Baby’ was chosen as this year’s theme, and you will be treated to safety-related sessions interspersed throughout the program.

Plan on arriving early to partake in two workshops planned for Wednesday, April 13, 2011 which were specifically coordinated to allow attendance at both. Jose Carvalho and Ashu Wali organized a state of the art Ultrasound in Obstetric Anesthesia workshop and Advanced Airway Management workshop, respectively. Enrollment in the workshops will include access to a website developed specifically to enhance your educational experience, particularly if visited before coming to the meeting. Both workshops will include some of the most technologically advanced equipment available.

The Annual Meeting program also includes 24 oral presentations in four sessions that feature the best research being conducted in obstetric anesthesia, 2 pro/con debates (Failed Spinal is Due to Bad Bupivacaine; Patient Scheduled for Cesarean Section for Failure to Progress in Labor: Patchy Block with Epidural – Plan is to do a Spinal for Cesarean Section), 3 panels of leading experts presenting 10 clinically relevant lectures, 2 poster presentation sessions, a PBLD Breakfast with the Expert Session discussing cases with complex medical problems, a session featuring the best case reports of the year, a resident/medical student forum, and 7 lectures by renowned speakers including Sulpicio Soriano (Effects of Anesthetics on Neurodevelopment of Fetus), Mark Warner (ASA President Address), Valerie Arkoosh (Health Care Reform: Impact on Physicians and Practice), Aaron Caughey (What's New in Obstetrics: Critical Care Management of the Parturient), William Camann (Fred Hehre Lecture), and Paloma Toledo (Gerard W. Ostheimer Lecture).

We are also honored to present the Society’s Distinguished Service Award to a very worthy recipient, Joanne Douglas.

The meeting also includes an exciting social program featuring a welcome reception, a wellness walk/run, an annual celebratory banquet with awards presentation, and a free afternoon for site seeing, shopping, exercising, or relaxing. Elvis Presley and Marilyn Monroe are rumored to be interested in attending the welcome reception, and we might even be able to talk Sinatra into doing a few numbers for us at the banquet.

Please mark your calendars now because this is one Annual SOAP meeting you don’t want to miss! We look forward to seeing you in beautiful Las Vegas in the spring of 2011.

Sincerely,

Maya S. Suresh, M.D.
