

2025 SOAP Fundamentals September 6-13, 2025

Target Audience

This meeting is intended for Anesthesiologists, Anesthesiologists Assistants, CRNAs, Nurses, and Resident/Fellows.

Objectives

At the conclusion of this activity participants will:

- Outline usual challenges in neuraxial labor analgesia and the corresponding management options.
- Describe the fundamental principles of enhanced recovery after cesarean delivery anesthesia and multimodal pain management after cesarean delivery.
- Describe the management of common high-risk comorbidities and events in the peri-delivery period, including cardiovascular emergencies, hypertensive crises, embolic events, invasive placentation, and postpartum hemorrhage.
- Summarize the diagnosis and treatment of neurological deficits and post-dural puncture headache after neuraxial analgesia.
- Discuss the special considerations of using dexmedetomidine in obstetrics and providing anesthesia for non-obstetric surgery during pregnancy and postpartum tubal sterilization.
- Identify core elements of quality assessment and trauma-informed care that contribute to excellence in obstetric practice.

Accreditation and Designation Statements

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Society of Anesthesiologists and the Society for Obstetric Anesthesia & Perinatology.

The American Society of Anesthesiologists is accredited by the ACCME to provide continuing medical education for physicians.

The American Society of Anesthesiologists designates this live activity for a maximum of 6.75 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Commercial Support Acknowledgement

The CME activity is not supported by any educational grants from ineligible companies.

Disclosure Policy

The American Society of Anesthesiologists remains strongly committed to providing the best available evidence-based clinical information to participants of this educational activity and requires an open disclosure of any potential conflict of interest identified by our faculty members. It is not the intent of the American Society of Anesthesiologists to eliminate all situations of potential conflict of interest, but rather to enable those who are working with the American Society of Anesthesiologists to recognize situations that may be subject to question by others. All disclosed conflicts of interest are reviewed by the educational activity course director/chair to ensure that such situations are properly evaluated and, if necessary, mitigated. The American Society of Anesthesiologists educational standards pertaining to conflict of interest are intended to maintain the professional autonomy of the clinical experts inherent in promoting a balanced presentation of science. Through our review process, all American Society of Anesthesiologists CME activities are ensured of independent, objective, scientifically balanced presentations of information. Disclosure of any or no relationships will be made available for all educational activities.

Disclosures

Name	Role	Interest	Ineligible Company
Antonio Gonzalez-Foil	Faculty		Butterfly Network, Inc.
